

Alex Wafula Wanjala- F4

My name is Alex Wafula Wanjala. I stay in Chekulo Village. I come in a family of 8 people; 3 girls and 5 boys. My mother passed away on 21st January 2021. I live with

my father alone. Life became so much challenging right away after my mother passed on but I just had to cope up with it.

I Joined Chekulo Friends High School in 2019. I have always wanted to become a doctor. I want to help sick people perhaps, I got a little challenge. When I sat for my final exam, I knew right away that I have passed based on what I wrote on the

exams booklet. I was disappointed when the results came out, I didn't meet the expectation. I got a mean grade of C plain.

I will forever be grateful to have been given this chance at Living Hope High School to rewind and better my grades. I am very determined that this time round my dream of venturing into medicine it's going to be realized.

In conclusion, I am a born again Christian who believes that God answers prayers whenever we ask Him. I am so much delighted that I am in a special place that God is regarded number one in everything that is done and I think I am Lucky.

Yours sincerely

Alex Wafula
