

Diana Juma Sophya-F4

My name is Diana Juma Sophya. I was born in Bumula, Bungoma County. My birthday is December 11th 2004. I am the first born in a family of seven children. I have both parents who works at the farm.

I started my primary education in 2007 and scored 333marks in my KCPE and later joined Mwitoti High School in 2018. The School has a high number of students and so it was very difficult for the teachers to attend to all students at once. I got a mean grade of C, the grade that has limited opportunities if I decide to join campus. I asked my parents if they would take me back to School to up my grades and luckily enough they accepted. I am delighted to be found at Living Hope High School to change my story. According to the History of the School, the school has been taking high number of students to

universities each year. I hope I will be one of them. I have a target of scoring a B+ and join University of Nairobi. My dream is to be in the medical field. I want to help the sick people and bring some hope to them.

I love reading story books and singing particularly during Church service. I am a Catholic and I attend mostly youth services.

Yours Sincerely

Diana Juma
