

# Sailas Wanyama Wafula

Hello!

My name is Sailas Wanyama Wafula and I am 12 years old, but about to turn 13 at the end of January.

Over the years I have been brought through several hardships. Troubles that a lot of us face when it comes to getting our primary education are lack of sufficient school fees, money for the proper uniforms, and even getting the daily necessities of life. Despite all of the problems that I had to deal with when growing up, I was still able to maintain a B+ average in school. It wasn't easy, but I thank God that he has brought me through it all and has placed me here at Living Hope High School.

My favorite subjects in school are science and math. Both of those subjects are what I will need to be good in to succeed in life, especially since I am wanting to continue my studies after high school by going into the medical field.

My hobbies include being a key midfielder on the soccer team, debate team, and also singing in the choir at my church. This is how I can give back unto God and praise him for all of his blessings.

I pray that my talents and dreams will align and allow me to complete my education here at Living Hope High School and will be very appreciative to get a sponsor to help walk along side me on this journey. God bless.
