

Collins Mukhongo- F3

My name is Collins Mukhongo. I was born on 17th August 2003. I am 18 years Old. I attended Com Academy Primary School. I scored 362 marks out of the possible 500 marks. I participated in sports specifically football. I was the best goal keeper at school at that time. We were never scored and we did not lose to our opponents as well.

I joined Teremi Boys High School to proceed with my high school studies. I worked so hard. I was a member of journalism club. I was lucky to broadcast news for the School to both teachers and my fellow students. I did my final examination and completed in April 2022. I scored a C plain. The grade cannot secure me an opportunity to do the course that I want.

I decided to join Living Hope High School so that I am able to better my grades and get a chance into University to partake a course of my choice. I am young, humble and steadfast hardworking student who is ready to listen to everyone so that I get to achieve my goals I have set ahead.

Yours sincerely

Collins Mukhongo
