

GIDEON KULINYI

My name is Gideon Kulinyi. I was born in Feb 18, 2005.

My early childhood was pretty normal for a Kenyan. I have four brothers and two sisters, which means there was never enough food or school fees. My mother and father divorced when I was nine years old. My mother left and I have never seen her since.

My father is a small time farmer. We have two acres of land, we have two cows, some chickens and three goats. It keeps of us busy taking care of the livestock. I like to watch the animals to see if they are sick, or injured or need help. Maybe I will be a vet some day. My father plants sugarcane to make money for the family but they only harvest once every eighteen months.

In primary school, I went to a nearby public school from p1 to p7. In p8 my uncle took me to a private school so that I could improve my test scores. In p8, I was very worried that my old school had not taught me well. Before my test, everybody in my family were praying night and day. We had to wait a long time to wait for grades, I scored 321 marks, I knew that Living Hope needed 330 and above to apply. M. uncle said let's try so we came for the interview. The teachers asked me many questions and I tried to answer in my best English, a few days later I got my acceptance letter, I was very happy and I thanked GOD for the miracle.

I have been in living hope since Jan 6th. My life has improved and am very happy here. The teachers work us hard and challenge us to do our best. I have many Christian friends to help me and the food is great and lots of it. I like being in the mixed school, is like one big family.

We finished our first exams this week we all studied hard had many discussion groups and prayed a lot, and sure I did well.

In the future I would like to do something in the medical field, am special good in biology and chemistry.

Am praying for a sponsor to support me, to motivate me, and to love me. I promise to always do my best, and work with my whole heart to take advantage of the school opportunity. Thank you from the bottom of my heart, I will be looking forward to hearing from you and getting to know you.

IN GOD WE TRUST.

GIDEON KULINYI.
