

## BRAMILLAH MUKHWANA

I am Bramillah Mukhwana and I was born on July 26, 2006. My Father's name is James Mukhwana Satia and my mother's name is Teresa Nanjala. I am the second born in a family of six children. My oldest sister died in 2018. This makes me the firstborn in our family. I have been staying with my grandmother since I was four years old. One of my brothers is staying with my grandmother too. He will help her while I am in high school.

We have been doing small-scale farming with my grandmother in a quarter an acre piece of land. Besides farming, we keep goats, sheep, and chickens. My father comes by to visit sometimes and sometimes he gives grandmother money to help. It makes me glad to know that he still cares about me and prays for me and I pray for him too.

I started my primary education at Twin Star Academy until standard six. I owed enormous amount of school fees that I could never pay so I transferred to Mabanga until the end of my primary education. I did my KCPE national exam in 2020. I scored 356 MARKS and was very happy. Someday I will return to my primary schools and pay my balance.

In primary, I was best in English, Kiswahili, social studies. Math and sciences were difficult for me. I like farming, participating in choir, and helping with Sunday service. I feel good when I am praising the Lord. I know He hears my prayers. Someday I will like to be a nurse. It will be exciting to see people well but it would be sad if they die.

I know that my grades must be good for me to be a nurse. I promise to work hard and do my best every day. God has given me this golden opportunity and I will not waste it.

There is no way that my family can support my school fees here so I am asking you to be my sponsor. I need you to support me and pray for me. It will be fun to get to know you and for you to get to know me. Together we can make the world a better place. I will pray for you every night for GOD to bless you and your family for blessing me.

You have made me happy,

Bramillah Mukhwana.
