

Emmanuel Wafula

My name is Emmanuel Wafula. My birthday is Feb 9th 2006. Both of my parents are alive but are separated. I stay with my grandmother. I used to stay with my father before he sold his land and now he has a very small plot. He is always drunk, and he doesn't care about how his kids are doing. I have never felt the love of my mother. She left when I was very young. So sad!

I went to School in Namunyiri Primary School until class two before I moved in to stay with my grandmother and transferred to Bukembe Primary School. Later, I was given scholarship to a different School and so I had to transfer again. I went to High Way Academy and scored 330 marks out of the possible 500 marks.

When I grow up, I would like to pursue Electronic Engineering. I like dealing with things to do with electronics. In addition, I play Football. I play position 7 in the field. I have been scoring in every game we play in our School. I will think about venturing into games too as well when I grow up.

While at Living Hope, I will work very hard, put in more efforts in my

studies to achieve my dreams. I will participate in every activity that the School takes part in and shall respect everyone. God bless you

Yours sincerely
