

## **Keith Wekesa Wangila**

My name is Keith Wekesa Wangila. I live in Mechimeru, Bungoma County. My birthday is 15<sup>th</sup> May 2007. My father's name is John Wangila Ndoli and my mother's name is Lucy Natecho Nyongesa . I stay with my grandma since my parents are not staying together. My grandma is a farmer. She has a quarter of an acre of land that she plants greens for sale.

I went to Sang'alo Juniouir Academy. That is the place where my story begun. I was talented in playing football. I played up to regional level. Even though I did not have school fees, the head teacher would pay for me so that I could represent the school in games. So my stay at school was by the grace of God through the talent I had. I was the best in our county and I was hoping to proceed to national level but due to pandemic I did not. I liked Science as a subject. I could perform very well. Sometimes I

could get everything and sometimes I could only miss one mark to get everything.

I want to become a doctor because the society is full of people struggling with different kinds of diseases and I want to become a solution to these problems. I want to instill hope to those who are hopeless. I know I will need to work hard to achieve this dream. I will put God first in all that I am going to do here at school. I want to extend great thanks to the Living Hope management committee for accepting me to this school. I will work very hard and tirelessly so that no stone will be left unturned in terms of revision to make everyone proud. Any help will be highly accorded with great thanks

Yours sincerely

Keith Wekesa Wangila
