

## Victoria Simiyu

My name is Victoria Simiyu. My birthday is March 12th 2008. I am the first born our family. My parents are Benard Simiyu and Rebecca Simiyu. My Father works as a firewood chopper at Living Hope and my mother does home duties.

I went to Chekulo Baptist. I have always worked so hard in my studies. When I sat for the national Examination, I got 380 marks out of 500 marks. It was not until when I sat for the national test and realized that hard work never goes unrewarded.

I am so much excited to have been given this chance at Living Hope to partake my high school education. The School has all it takes to have me achieve the dream of being a Lawyer. I hope to deliver fair judgment when it comes to court issues. I will be forever be grateful when that will

come to pass. As a believer, to me a prayer is everything. I am the happiest person to be here at Living Hope High School because they also value prayers like daily food. I will work hard to achieve the goals that I have set. With God all things are possible.

During my free time I love singing most of time however, reading newspapers is also my favorite thing I do. I play leg ball too. God bless you

African daughter
